(54) INSTALLING METHOD

(57)Abstract:

PURPOSE: To realize exact installation whose operation is easy for a computer having any CPU architecture.

CONSTITUTION: In an installing method by which arbitrary software is installed in the computer from a single installation medium (magnetic cartridge, for example) where software corresponding to plural CPU architectures, position information 34 consisting of the name of the CPU architecture which software to be installed operates and the storage position of software operated by the CPU architecture is previously stored in the installation medium, and software fitted to the CPU architecture of the computer for installing is obtained based on the position information.

LEGAL STATUS

[Date of request for examination]

[Date of sending the examiner's decision of rejection]

[Kind of final disposal of application other than the examiner's decision of rejection or application converted registration]

[Date of final disposal for application]

[Patent number]

[Date of registration]

[Number of appeal against examiner's decision of rejection]

[Date of requesting appeal against examiner's decision of rejection]

[Date of extinction of right]
